**Hochschule
Hof**

University of
Applied Sciences

DURING THIS DIGITAL PROGRAM, YOU

- _ learn more about the future of textile products and textile finishing,
- _ find out about the success factors of the worldwide textile business and
- _ gain hands-on insights into leading textile companies.

Strong industry relations

Internationalization

Intelligent use of resources

4th International Textile Online Week

Meet our renowned professors and join their innovative lectures, including:

- _ Prof. Dr. A. Matthäi: Legal and sustainable requirements for water repellent equipment
- _ Prof. Dr. C. E. Koukal: Nonwovens & their development: Virtual tour of our new Research Center for Nonwovens
- _ Prof. Dr. M. Rauch: Sustainable dyeing
- _ Prof. Dr. L. Hahn: Composites
- _ Prof. O. Lottes: Non-crimp fabrics for the composites industry

You will also get exciting insights into student work, come into contact with students of our university and meet guest speakers from renowned companies in the textile chain.

The event will be held as a series of zoom meetings. To register, please fill out the online registration form on our website (follow the QR code on the right).

Application deadline: July 6th, 2025.

Free of charge for students and prospective students.
