

# Digitalization and Innovation (M.B.A.)

**Master's Program**

Hof University Graduate School

**Hochschule  
Hof**

University of  
Applied Sciences

# Digitalization and Innovation – What is it all about?

You already earned a Bachelor and gathered some professional experience? You would like to use your creative potential in your future career and make an impact as a leader? Our M.B.A. program in Digitalization and Innovation accommodates creative and dynamic business practices as well as traditional management elements.

The modules of the Master's program are designed to provide a comprehensive skill set that matches the disruptive nature of 21st century markets. They connect innovation management and ideation with digital aspects such as data security, data analytics and digital business models.

To make these learnings applicable on a leadership level, we also share our knowledge and expertise about strategic and financial frameworks, project management and other leadership topics. Our teaching includes various modern methods such as cloud-based simulations, haptic management games and case studies.

# What do I gain with this M.B.A.?

## **With this Master's program, you gain**

- \_ an interdisciplinary skillset to utilize your creative potential at the intersection of digitalization and management,
- \_ the know-how to initiate practical innovations within a company or your own start-up,
- \_ German language skills of at least level B1 at graduation.

## **In addition, you benefit from**

- \_ an innovative mix of teaching methods - virtual learning, blended learning, simulations and case studies
- \_ development of your intercultural competence,
- \_ valuable work experience gained during the internship semesters.

# Special features

## **Internship**

A unique feature of our M.B.A. is that students spend the second year doing a paid practical internship in industry (e.g. in innovation management, business development, or project management).

The Master thesis is also project-based and done in cooperation with a company. Thus, you can immediately apply your knowledge, gain profound professional experience and earn money at the same time.

## **German language skills**

We place special emphasis on the language education of our students. For entering the internship, all students have to prove at least the German language level B1.

If you have a German language level of A1 at the point of admission, the modules German A2 and B1 are mandatory.

# Teaching concept at Hof University Graduate School

All our programs are practice-oriented, interactive and multimedia-based. Teaching is based on application-oriented knowledge and is supported by projects with industry, site visits and interaction with experts. Case studies as well as real-life business examples contribute to profound insights into the theoretical knowledge.

Our professors (all with PhD) and lecturers are experts in their respective fields bringing together solid scientific understanding with valuable professional experience. Thus, the knowledge transfer from business life to the classroom is ensured.

In addition, we have a strong focus on career promoting activities for students (e.g. career talks, job fairs, seminars and trainings). A three-day team-building event is a highlight for our third and fourth semester students. It includes an industrial visit and is a great opportunity for students and professors to meet outside the campus. Through an intensive exchange of ideas and networking, a connection is established beyond the point of graduation.

# What do I need to bring?

## Academic requirements

---

- \_ A Bachelor's degree or similar from an accredited university, at least 180 ECTS or equivalent (depending on home country)
- \_ One year of work experience
- \_ Letter of motivation

## Language requirements

---

You need to prove your **proficiency in English**. This can be done with either of the following:

- \_ TOEFL minimum 90
- \_ IELTS 6.5 or above

In addition: **Basic language skills in German**, proven by official test score documents - **minimum level A1**

By the beginning of the internship, all students have to prove that they are at a B1 German language level. The German language levels A2 and B1 can be reached during the studies in Hof.

- \_ assistance in finding accommodation,
- \_ orientation sessions prior to the start of your studies,
- \_ additional activities such as intercultural trainings, field trips and company visits,
- \_ 24-hours access to computer labs and library,
- \_ free wifi on campus.

# About Hof University

Founded in 1994 as a Bavarian state university, Hof University of Applied Sciences offers a very attractive study environment with its modern architecture and state-of-the-art facilities. Practice-orientation, internationalisation and graduate employability are at the heart of teaching and research at Hof University.

German students and international students from more than 60 countries learn together on our open-minded, intercultural campus. Exciting student initiatives (e.g. eSports, Fairtrade Group or Formula Student) make student life even more interesting.

All professors and lecturers have a strong academic background as well as practical experience in the industry. In addition, all our professors hold a PhD. As a result, graduates of Hof University are ideally prepared for the domestic and international labor markets.

Located at the top of Bavaria, Hof is a safe and cozy town in the heart of Europe with all amenities of a university town. Its green surroundings are ideal for all outdoor activities, and major cities like Berlin or Munich are within easy reach.
